## **Kayla Williams Bio**

Kayla Williams is a 2008 Red Deer College graduate with a diploma in voice. Teaching both voice and piano, her interest is lessons that focus on contemporary music, although she's ready for any genre! She enjoys teaching ages 8 up to 80 and is excited to pass down theoretical knowledge as well as work on songs that students are enthusiastic about- even skills such as song writing and performance.

In her own time she is a passionate singer/songwriter/performer who has toured consistently and plays regularly in Central Alberta. Kayla also just released a new studio produced single of her own!

You can hear her new song and other music on YouTube:
